

I2I Datasets – Download Instructions

The UT System ASEP Dashboard allows users to download datasets from various sources, including I2I, ECOS, and ResultsAnalyzer, and integrate those disparate data into a single platform that visualizes your EPP’s data in alignment with ASEP Indicators.

This guidebook provides instructions for accessing, formatting, and downloading the datasets that you can upload to the UT System ASEP Dashboard.

I2I Datasets – Download Instructions	1
1. Educator Details Dataset.....	1
2. ASEP Chapter 3: Exam Roster	3
3. ASEP Chapter 4: Principal Perception Dataset.....	5
4. ASEP Chapter 5: Student Growth Dataset	6
5. ASEP Chapter 6: Observation Dataset	7
6. ASEP Chapter 7: New Teacher Survey Dataset	9

1. Educator Details Dataset

- Go to I2I > EPP Employment and Retention > Educator Details > Click on TEA ID Column Header(Red arrow) and click on Expand to next level. You will need to wait for about 15 seconds for the system will load additional columns (Employment Date, Certification Type, etc.).

More options

- Click on “Export” to download the dataset.

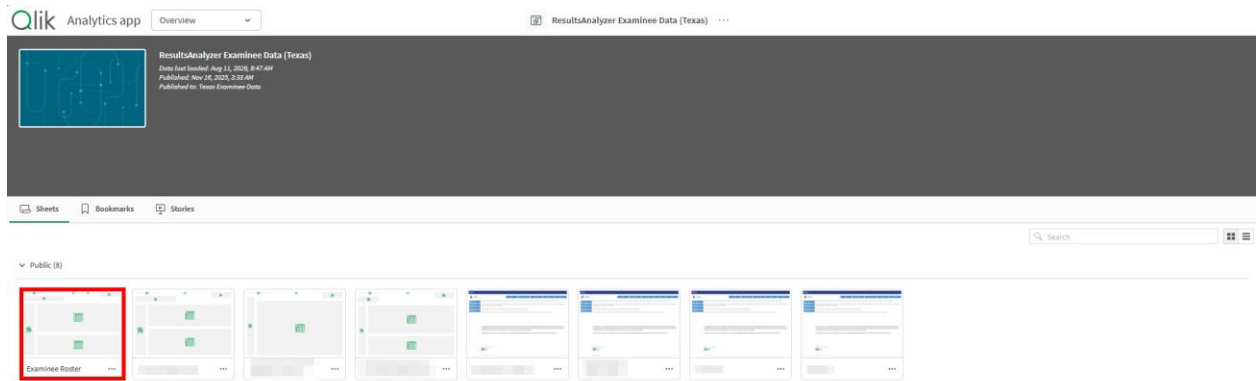

2. ASEP Chapter 3: Exam Roster

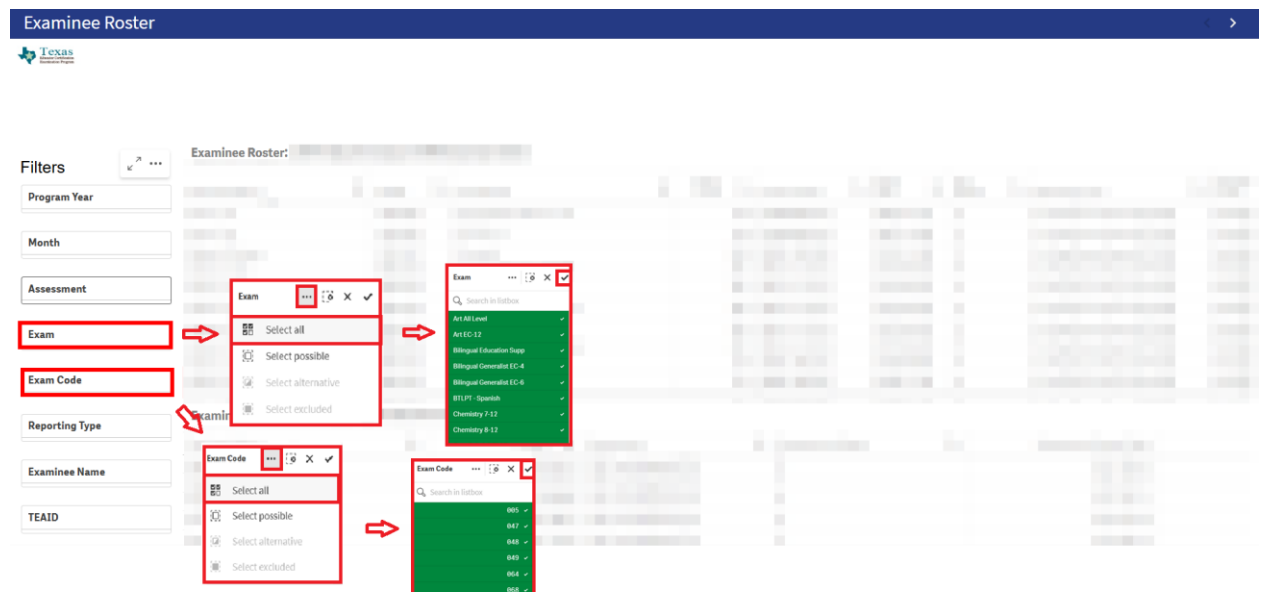

- Go to EdReports > Texas Examinee Data > ResultsAnalyzer Examinee Data > Open.

- Select Examinee Roster.

- On left side there is an option titled “Filters in Exam” > Select Exam in that click on three dots just beside the Exam box > Select all from that option to select all the options > click on check sign to conform.
- Now do the same for Exam Code. Click on Exam Code > Three dots > Select All > Check.

- Now move your cursor towards the upper right side just above the corner of the Examinee Roster table then you will see 3 dots > Download as > Data > Enable Table Formatting > Export and the file will be downloaded.

The screenshot shows the 'Insight to Impact Dashboard' with the 'Perception Surveys' section active. A modal window is open, asking 'Which data do you want to export?'. The modal has three options: 'Data with current report', 'Summarized data', and 'Underlying data'. The background shows a table with columns for TEA ID, First Name, Last Name, Admission Cohort, Gender, Race/Ethnicity, and various perception metrics.

4. ASEP Chapter 5: Student Growth Dataset

- Now go to I2I>EPP Student Growth > Average Student Growth by Candidate > Hover arrow on top right just above the table you will get 3 dots which is more options click on that > Export data.

The screenshot shows the 'Insight to Impact Dashboard' with the 'Student Growth' section active. The 'Average Student Growth by Candidate' table is visible. A red box highlights the 'More options' menu icon (three dots) in the top right corner of the table, with a red arrow pointing to it.

- Then Click on Export data to download the dataset.

The screenshot shows the 'Insight to Impact Dashboard' with a sidebar on the left containing various EPP (Educator Professional Profile) sections. The 'EPP Student Growth' section is selected. The main area displays a table titled 'Student Growth' with columns for TEA ID, First Name, Last Name, Finisher Year, and Growth Score. An 'Export' button is visible in the top right corner of the table. A modal dialog box is open, asking 'Which data do you want to export?' with three options: 'Data with current layout', 'Summarized data', and 'Underlying data'. The 'Data with current layout' option is selected. The dialog also includes a 'File format' dropdown set to 'xlsx (Excel 150,000 row max)' and 'Export' and 'Cancel' buttons.

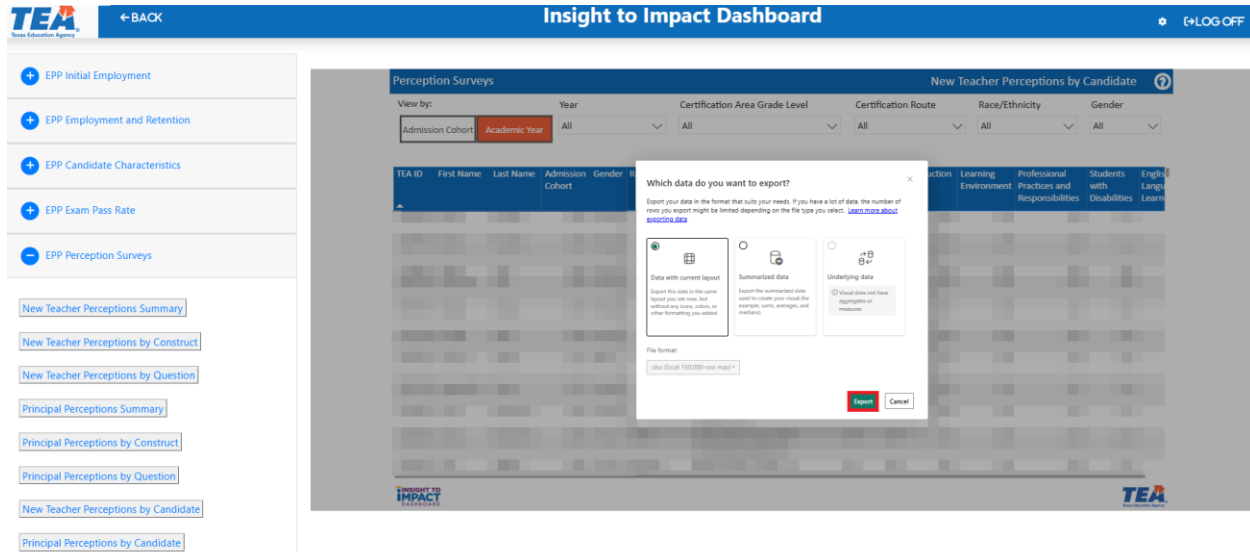

5. ASEP Chapter 6: Observation Dataset

- For this you need to access ECOS with an EPP_ASEP Read only or better authorization. To access go to ECOS> EPP > ASEP > From the list of options choose Observations Report.

The screenshot shows the 'Educator Certification Online System (ECOS)' interface. The left sidebar contains a 'Main Menu' with various options. The 'ASEP' section is expanded, showing a list of options including 'Upload Clinical Experience', 'Clinical Experience Records', 'Upload Performance Gates', 'Performance Gate Records', 'Upload Observations', 'Observations', 'Observations Report', 'Upload Observations', 'Observations', 'Observations Report', and 'Field Supervisors'. The 'Observations Report' option is highlighted with a red box. An arrow points from the 'Observations Report' option in the sidebar to the 'Observations Report' option in the main menu. The main menu also shows a list of options including 'Upload Clinical Experience', 'Clinical Experience Records', 'Upload Performance Gates', 'Performance Gate Records', 'Upload Observations', 'Observations', 'Observations Report', and 'Field Supervisors'. The 'Observations Report' option is highlighted with a red box. The main menu also displays a warning message: 'TO ALL USERS OF THE EDUCATOR CERTIFICATION ONLINE SYSTEM (ECOS): Education Code 21.048(c-1), the results of certification examinations are confidential and prohibited from disclosure under the Texas Public Information Act. Therefore, YOU ARE NOT TO USE THE EXAMINATIONS TAB on the EDUCATOR INFORMATION SCREEN (which contains the certification examination results of that applicant or employee) unless you have an application or employee to view and use those results for a specific purpose.' The bottom right corner of the screen shows the version number 'Release 19.08.0'.

- Choose the Filters to Academic Year parameters to 2025-26 and click on "Search". A table will appear just above the table on right side there will be an option to "Export to CSV". Select that option to download the dataset.

- click on Export And name the downloaded Excel file to new_teacher_perceptions_by_candidate.xlsx

Dataset requirement for each chapter

- Chapter 3:**
 - Exam Roster and Educator Details dataset
- Chapter 4:**
 - Principal Perception and Educator Details dataset
- Chapter 5:**
 - Educator Details dataset and Student Growth dataset
- Chapter 6:**
 - Observations dataset and Finishers Dataset
- Chapter 7:**
 - Educator Details dataset and New Teacher Survey Dataset

6. Chapter 8:

- All the dataset
